To Our Valued Customers and Vendor-Partners:

We are very pleased to announce once again that Control & Power and George S. Edwards were acquired in February of 2011 and are officially part of the Wilson Mohr family.

Our legal name for accounting purposes is LKCM CPI Distribution LLC, but we are doing business as Wilson Mohr Southeast. All quotes, invoices, and additional documentation now include both our legal name and our DBA.

Our email addresses have changed to the Wilson Mohr domain. Attached is a contact sheet that includes all email addresses and phone numbers for Wilson Mohr Southeast employees. Our website has also changed to www.wm-se.com.

Rest assured that we are committed to continuing to offer the same exceptional quality and service that you have grown to expect of us. The additional resources we have at our disposal will allow us to move our company forward and offer an even more comprehensive package of engineered systems and solutions.

The following pages contain information that will help you to update your records, if that has not already occurred.

If you have any questions or concerns, please always feel free to contact us.

List account number(s) here (optional)

Part I  Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the “Name” line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Employer identification number

2 7 4 0 2 9 2 4 1

Part II  Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners’ share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

☒ An individual who is a U.S. citizen or U.S. resident alien,

☒ A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, and

☒ An estate (other than a foreign estate), or

☒ A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners’ share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

For all of your Questions/Problems Concerning:

- Solenoid Valves & Air-Piloted Valves
- Instrumentation & Process Fittings & Valves
- Industrial & High Purity Valves & Regulators
- Industrial & Instrumentation Quick Connectors
- Ball & Butterfly Valves, Actuators & Controls
- Pneumatic & Hydraulic Cylinders & Automation
- Air Preparation, Filters, Regulators, Lubricators
- I/P-E/P-P/I Transducers & Pneumatic Regulators
- Vacuum Sensors, Cups, Valves & Generators
- Structural Aluminum Extrusions & Components

- Industrial Filtration & Separation
- Compressed Air & Gas Filtration
- Electric & Steam Heat Trace & Monitoring
- Pressure Gauges, Transmitters, Switches & Sensors
- RTD’s, Thermocouples, & Temperature Instruments
- Level Measurement, Indicators, Monitors & Control
- Flow Measurement, Indicators, Monitors & Control
- Steam Traps, Pumps, Valves, Boiler Instrumentation
- Energy Absorption & Vibration Isolation
- Digital Meters & Controllers

We have Solutions!!!

- Application Consulting
- Fabrication & Assembly
- Guaranteed Performance
- Custom Designed Products
- Product Management
- Electronic Data Interchange
- Custom Designed Systems
- Customized Training Programs
- Electronic Catalogs
